**2087** event participants

**2351** volunteer hours

**2228** social media followers

**165K** post reach

**928** community members responded to feedback & surveys

We acknowledge the Traditional Owners of the Geographe Bay Catchment, the Wardandi Saltwater People. We aim to care for this land as they have always done. Our work would not be made possible without the support and contribution of our partners in 2021- 2022 including: Department of Water and Environmental Regulation and Department of Primary Industries and Regional Development, through the Revitalising Geographe Waterways and Healthy Estuaries WA programs; South West Catchments Council, through funding from the Australian Government; City of Busselton; Department of Biodiversity, Conservation and Attractions; Water Corporation; Edith Cowan University; Murdoch University; Geographe Community Landcare Nursery; FAWNA; wildlife carers; local veterinary practices; Western Ringtail Action Group; local schools; farmers; agronomists; landholders and our passionate and dedicated community.
